|  |

1. Are there chemicals and wastes currently stored on site, have they been stored in the past or are they proposed to be stored on site? If so, check all applicable categories of storage methods:
  - ☐ Drums
  - ☐ Pits
  - ☐ Containers
  - ☐ Sumps
  - ☐ Waste Piles
  - ☐ Above Ground Tanks
2. Does your business use chemicals or substances that require permits or licenses to own, use, or remove from the property
  - a. If so, please attach permits or licenses for each chemical or substance.
  - b. Are you presently in compliance with all regulations for continued utilization of such permits or licenses?
3. Are there any past, current or pending regulatory actions, administrative proceedings or lawsuits against your business or the business owners by federal, state, or local environmental agencies alleging non-compliance with regulations? If so please describe.

By signing below, I represent and warrant to the Leadville-Lake County Airport that the answers to the above questions are complete and accurate to the best of my knowledge.
